Dear Customer:

Again it is our pleasure to mail you our latest wholesale trade list of the finest bulbs, plants and seeds that can be bought.

For the first time this year we have added some of the finest flower seeds obtainable and as seeds imports are prohibited now from Europe many varieties will be exhausted very soon.

Labor is increasing all the time but we will ship all orders at present prices until sold out.

Floods, labor trouble, etc., beyond our control will release us for filling orders.

Advise to place orders early on any stock you may desire.

Our stock is the best money can buy.

Our terms are always cash or C. O. D.

Yours for better Crops.
